

BATHROOM ACCESSORIES GW05 08 05 02 Reserve roll holder "CARTAGO SERIES"

Product description

Reserve roll holder
Material: Injected zinc
Finish: Chrome plating
Cartago Series

Technical specifications:

Reserve roll holder "Cartago Series". The product consists of a wall support, a wall plate covering the support element and a support element for rolls. The roll support consists of two cylinders with a 21 mm and 12 mm diameter made in injected zinc that are fastened perpendicularly. The wall plate covering the support element, fixed by fastening to the edge of the roll support, is made in injected zinc with a 56 mm diameter and a 1.5-mm thickness. The wall support is made in carbon cold-rolled steel and has two holes that are used to fix it to the wall by means of screws. The mounted set has a chrome finish plated with 3.5-6 µm nickel + 2-3 µm chromium that provides it an appropriate resistance against corrosion. The product is anchored to a brick wall by means of 2 nylon wall plugs and 2 screws. The overall dimensions of the product are 153,5 x 56 x 75 mm. The accessory model reference for the HORECA sector is GW05 08 05 02, made by GENWEC WASHROOM S.L. – Av. Joan Carles I, 46-48 08908 L'Hospitalet de Llobregat, Barcelona (Spain).

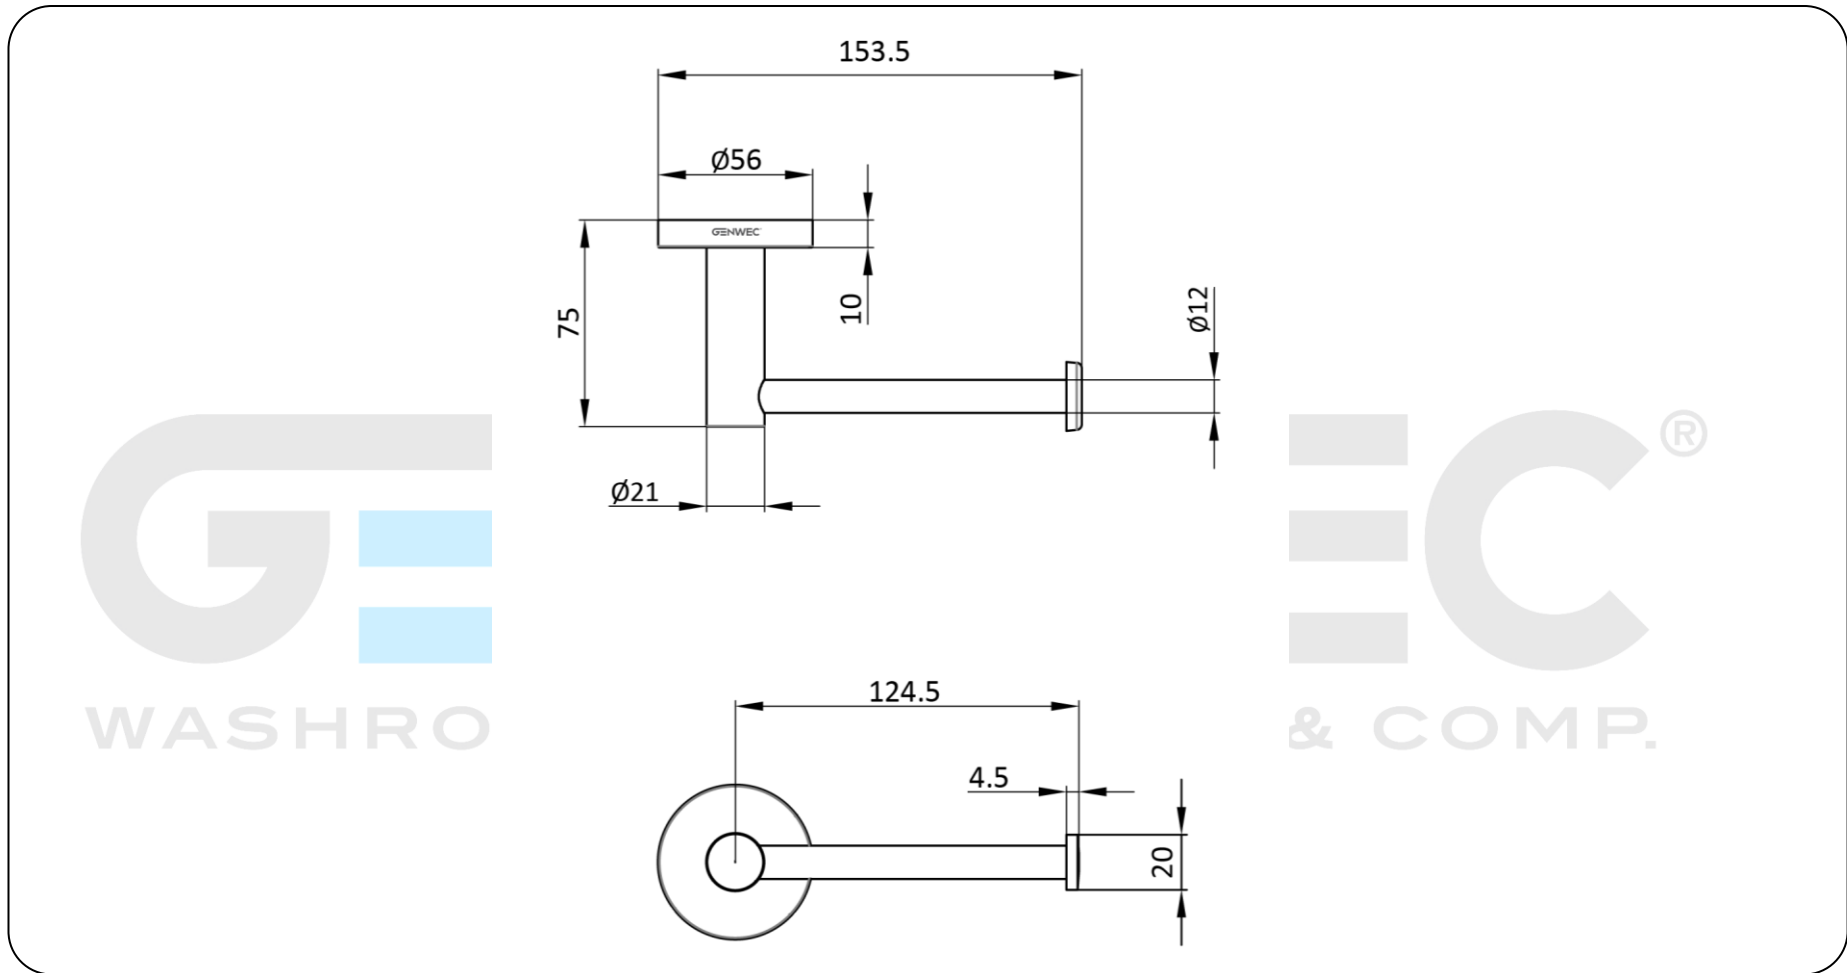

Technical specifications

Product specifications

- Wall support made in carbon cold-rolled steel
- Support for rolls consisting of two cylinders made in injected zinc with a 21 mm and 12 mm diameter
- Wall plate made in injected zinc with a 56 mm diameter
- Metal parts with chrome finish plated with 3.5-6 µm nickel + 2-3 µm chromium

Packaging specifications

- Single packaging type: Individual cardboard and bubble wrap

Cleaning: A damp cotton cloth with soapy water is recommended. Allow to dry.
