

WASTEPAPER BINS **GW06 16 02 01 Aluminium bin 50L**

Product description

Wastepaper bin manufactured in high resistance aluminium
Anti-fingerprint coating on main product and head
Interior liner manufactured in polypropylene
Easy removable head and interior liner
Circular body without hinges
Brushed finish

Technical specifications:

50L wastepaper bin manufactured in aluminum. The product consists of a main body, head and interior liner. The main body totally manufactured in aluminium with anti-fingerprint coating has a circular form with no hinges. Inside the main body an interior liner can be found manufactured in black high resistance polypropylene. The head is also manufactured in aluminium and has the same anti-fingerprint coating than the main body. When placed, it totally covers the interior liner and fits perfectly with the main body. In its upper part it has a big hole where the waste is thrown inside. The head and interior liner are easily removable to allow the bin emptying and cleaning. The bin has a total measures of 775mm height and 380mm de diameter. The wastepaper bin model is GW06 16 02 01, manufactured by GENWEC WASHROOM S.L. – Av. Joan Carles I, 46-48 08908 L'Hospitalet de Llobregat.

Technical characteristics
